Subject: Natural Resources Bill Draft for Russ Decker

Hello Mary & Robin,

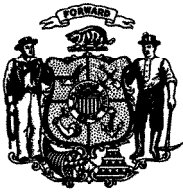

I wasn't sure which one of you would be the person to draft a bill that would add maple syrup businesses to the list of business operations eligible for free Hunter's Choice tags.

Please feel free to discuss this with Paul Heinen at the DNR and anybody within the DNR to whom Paul would direct you. If you have any questions or suggestions on the best way to proceed with this proposal, please feel free to give me a call at 6-2502.

Thank you for your help.

2001 - 2002 LEGISLATURE

~~PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION~~

- Generate
- 1 AN ACT ...; relating to: issuance of bonus deer hunting permits to certain farm
2 owners who are engaged in the production of maple syrup.

Analysis by the Legislative Reference Bureau

Under current law, the department of natural resources (DNR) may issue bonus deer hunting permits (bonus permits) to residents and nonresidents who hold licenses that authorize the hunting of deer if DNR determines that the size or characteristics of the state's deer population require the hunting of additional or special types of deer. This permit allows the holder to kill an additional deer of the sex or type authorized by DNR. Under current law, an applicant for this permit must pay a fee for the permit, unless DNR authorizes certain farm owners to receive free bonus deer hunting permits. DNR may issue free permits to farm owners who meet certain eligibility requirements. To be eligible, a farm owner must be a state resident and must have already purchased a bonus deer hunting permit for a given season. Also the farm owner's land must be located in whole or in part in a deer management area where the number of available bonus permits exceed the number of permit applications or in whole or in part in an adjacent deer management area.

For purposes of this exemption from the permit fee, current law defines a farm as being land used on a commercial basis for an agricultural purpose. This bill adds maple syrup production to the listing of agricultural purposes, thereby allowing owners of land used for maple syrup production to be eligible for these free permits.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 29.181 (1b) (a) of the statutes is amended to read:

29.181 (1b) (a) “Agricultural purpose” means beekeeping, dairying, egg production, maple syrup production, feedlots, grazing, arboriculture, horticulture, floriculture, plant nurseries and green houses, raising of livestock, raising of poultry, aquaculture, fur farming or growing of vegetables, fruits, nuts, berries, grains, grass, sod, mint or seed crops.
